Manufacturing Of Equipments For Pharma,
Chemicals And Other Industries.

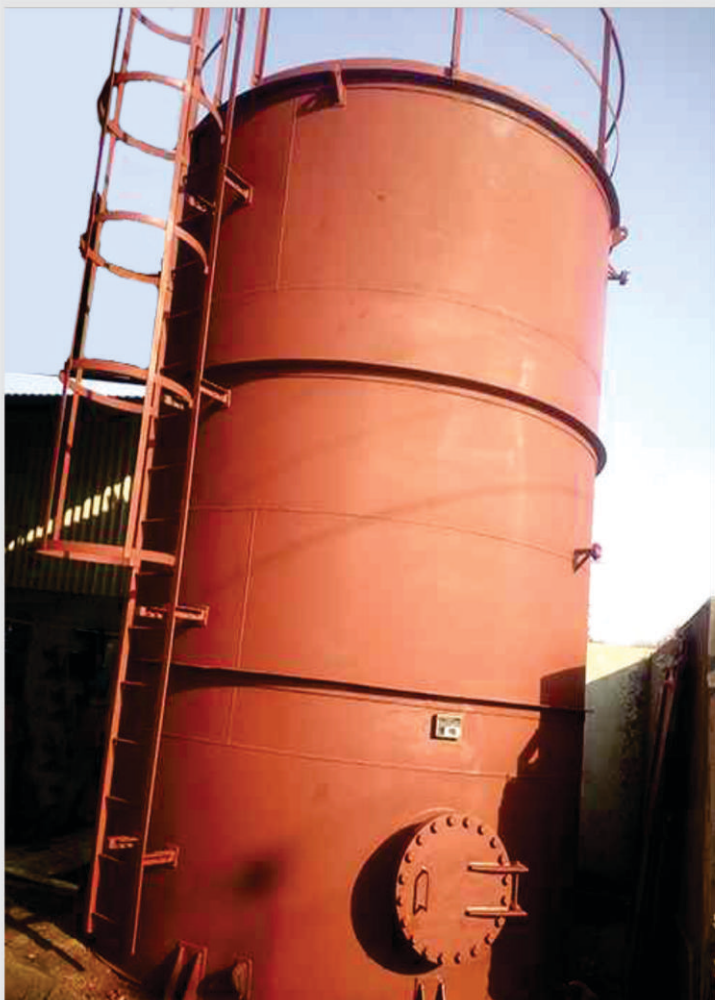

SS, MS, HDPE, PP

Reactors, Pressure Vessels, Heat Exchanges, Evaporators,
Scrubbing System, Storage Tanks, Etc

We are specialized in GMP & USFDA certified industrial equipments manufacturer.

We are experienced manufacturer of pharma & chemicals industrial equipments like, Autoclave, Reactors, Evaporators, Heat Exchangers and all type of Equipments in stainless Steel, Mild Steel, SS/MS Combine etc.

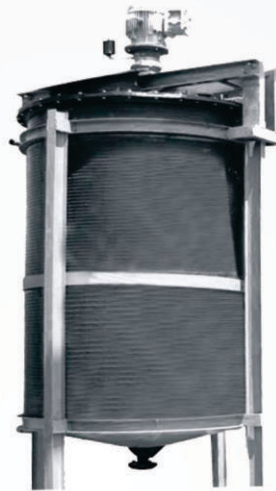

HDPE SPIRAL TANKS & REACTOR

We develop an international variety of HDPE SPIRAL storage Tanks for Industries . We manufacture spiral Reactors, storage tanks capacity of 1,00,000 KL in HDPE & PP.

We offers a premium quality & Variety of HDPE/PP Spiral tanks. We have experience Team. All these tanks are available in vertical, horizontal, Conical bottom, Square and Rectangular shapes. Each Tank is fabricated by World class welding Technology. These Tanks are Specially Designed for high Temperature Application (-40 c to +100 c)

Temperature	-40 c to + 80 c
Capacity	500 L to 100000 L
Lenght	Up to 10000 mm

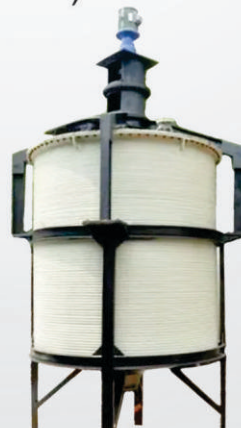

PP SPIRAL TANKS & REACTOR

We develop an international variety of PP SPIRAL storage Tanks for Industries . We manufacture spiral Reactors, storage tanks capacity of 1,00,000 KL in PP.

We offers a premium quality & Variety of PP Spiral tanks. We have experience Team. All these tanks are available in vertical, horizontal, Conical bottom, Square and Rectangular shapes. Each Tank is fabricated by World class welding Technology. These Tanks are Specially Designed for high Temperature Application (-40 c to +100 c)

Temperature	-40 c to + 80 c
Capacity	500 L to 100000 L
Lenght	Up to 10000 mm

HDPE & PPFRP SCRUBBER & VENTURI SYSTEM

We Are Manufacturing good quality of HDPE / PPFRP scrubber & venturi system.

P.P.F.R.P. BLOWER

P.P FRP Blower are specially designed for Industries to handle highly corrosive gases & fumes.

Material	PP FRP, HDPE.FRP,PP Blowers
Impeller Size	12",15",18",21",24"
Motor Size	1HP to 10 HP

HDPE/PP RECTANGULAR TANKS

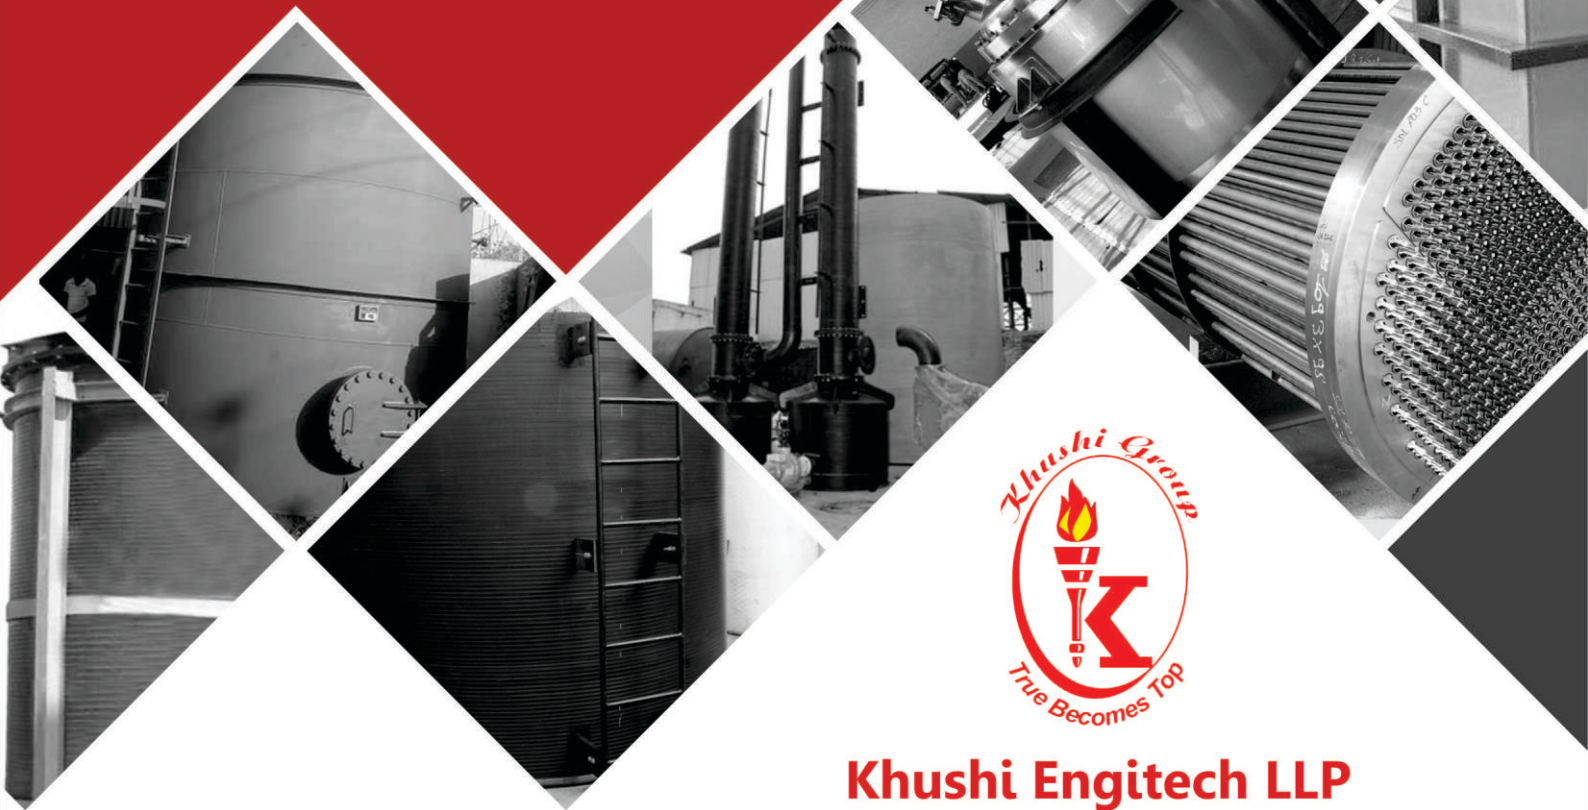

We offers a wide range of HDPE/PP Rectangular tanks with MS Structure.

AGITATOR (HDPE/PP STIRRER LINING)

- We are Manufacturing All equipments in proper manner like We have quality team for designing as per actual equipment requirement.
- We have qualified team for quality inspection, our welding joint efficiency is very good.
- We are dispatch all equipments in proper way and standard quality checking so we can avoid any type of operational problem to our customers.
- We never compromise with quality of work and quality of material.
- We are always committed with lifetime service of our product.
- We are giving Repairs and Maintenance service to our valuable customers.
